
Coronation Festival

In cooperation with the City of Prague
3—4 September 2016

In September 2016 a research project will materialise during which the public reconstruction of Charles IV's coronation will take place. It is a stray event, enabling the visitors to see the ceremony and processions in their authenticity. The event is the outcome of the partnership of the City of Prague and Czech Television which will include it in its broadcast. The Archbishopric of Prague, headed by Cardinal Dominik Duka, is one of the honoured partners of the festivals. For more information please visit the website: www.korunovacnislavnosti.cz
